WCL UMRER OCP -- STATUTORY ENVIRONMENTAL AUDIT

[SYNTHETIC DEMONSTRATION DATA -- NOT OFFICIAL CIL DATA]

1. Environmental & Pollution Control Parameters

Western Coalfields Limited (WCL) Umrer Open Cast Project conducted comprehensive statutory environmental monitoring for the period May 2025. Ambient air particulate matter PM10 recorded 78 ug/m3 and PM2.5 recorded 38 ug/m3, strictly within National Ambient Air Quality Standards. Treated mine effluent water exhibited pH of 7.4. Afforestation covered 25,000 native tree saplings across reclaimed overburden dumps.
